

Year 9

Autumn term

Rotations N/A	Rotations N/A
---------------	---------------

Spring Term

Rotations N/A	Research – Carry out your own research in to conjoined twins, create a fact file on the information you find out about conjoined twins.
---------------	---

Summer Term

Watch – Babies – What babies know on Netflix. Create a poster on all the facts you've learnt about babies.	Visit – Smyths Toy Superstore. Visit your local Smyths Toy superstore (if you can't visit, use their website). Create a list of all the things you would need for a new born baby. Price up how much your new born baby would cost!
--	---

Year 10

Autumn term

<p>Interview – create interview questions to carry out on someone you know, include questions around the labour process. How long was your labour? Pain relief, include questions about how they felt, who was there? Carry out your interview on a chosen person.</p>	<p>Research – Carry out your own research in to 'The natures Vs Nurture Debate'. You will find lots of information around this debate on the internet. Create a piece of writing on your opinion of the debate. Do you agree? Disagree? Undecided? Why?</p>
--	---

Spring Term

<p>Watch – The beginning of life on Netflix. Create a power point on what you learnt.</p>	<p>Visit/research – carry out some initial research in to forest schools, what is it? What do they do? What do they advocate? Visit a local wood/forest and create some example forest school art. Take photos of your art. Create an a4 page showing me what you have found and examples of your work.</p>
---	---

Summer Term

Year 11

Autumn term

<p>Create a research project on how to become a qualified practitioner in child development with a job title of your choice. What GCSE's would you need, a levels or equivalent, do you need to go to university? What would learn about when studying for this job role?</p>
